Faculty and Course Objectives

Lunch & Learn: And We're Off! Derby Style Overview of Screening Tools

Pat Purcell, MD, MBA, FAAP; Pat Hynes, MD, FAAP; Kristen Martin, MS, LMFT

- Identify children at risk for mental health disorders.
- Determine evaluation services and resources with follow-up.
- Develop strategies for success in payment models.

Part 1: Identifying and Treating Anxiety in Young Children

Amy Meadows, MD, MHS, FAAP, FAPA

- Discuss the difference between typical worry and anxiety disorders in young children.
- Review patient, parent, caregiver, and school strategies for addressing anxiety in young children.
- Give an overview of the typical developmental outcomes.

Opportunities for Medical Providers: Brief Non-Pharmacological Interventions to Support Children with Anxiety or Depression and their Caregivers

Meghan Marsac, Ph.D.

- Participants will be able to describe the role of psychoeducation in helping caregivers and children cope with new mental health diagnoses.
- Participants will be able to better engage caregivers in children's mental health care via brief goal setting.
- Participants will be able to teach their pediatric patients and caregivers brief non-pharmacological interventions to help with anxiety and depression as they navigate mental health care.

Part 2: Identifying and Treating Anxiety in Older Children and Adolescents

Amy Meadows, MD, MHS, FAAP, FAPA

- Identify screening tools for pediatric anxiety.
- Compare typical and atypical presentations of pediatric anxiety.
- Describe the impact of COVID-19 on pediatric anxiety.

ADHD: Curbside Consults...From the Podium

David Lohr, MD

- Participants will receive an overview of ADHD guidelines and common clinical pearls.
- Participants will better understand the management of ADHD in their patients.

Consult Simulated Case Calls

David Lohr, MD

- Understand the role of the provider child psychiatry consultation service for patient mental/behavioral health.
- Explore the range of mental/behavioral issues appropriate for the consultation service.
- Develop an understanding of the consultation participation processes.

Shining a Light on Kernicterus Prevention

Alex Kemper, MD, MPH, MS

- Describe strategies to prevent and monitor for the development of hyperbilirubinemia.
- Use the new AAP clinical practice guideline to identify when phototherapy or exchange transfusion is needed.
- Identify opportunities for quality improvement.

Got Milk?

Leslie A. Schuschke, MD

- Identify different types of formulas.
- Determine which formulas are appropriate for different situations.

Anemia in Children – A Practical Guide for the Primary Care Physician

Vlad Radulescu, MD, FAAP

- Distinguish different pathogenic mechanisms of anemia.
- Develop a step-wise approach in the diagnosis of anemia in children.
- Help decide which patients to manage and which ones to refer to a hematologist.

Rapid Molecular Testing in Ambulatory Pediatrics: When is the Juice Worth the Squeeze?

Kris Bryant, MD, FAAP

- Review a sample of rapid molecular tests available in ambulatory settings.
- Identify clinical scenarios in which benefits of rapid molecular tests justify costs.
- Discuss diagnostic pitfalls with rapid molecular tests.

Articles that Could Change the Way You Practice Medicine: The Kentucky Edition

Alex Kemper, MD, MPH, MS

- Describe findings from recent articles that could improve the delivery of primary care.
- Develop a strategy to implement these key findings into practice.

Lies My Doctor Told Me: Medical Myths in Clinical Practice

Jeff Meyer, MD, FAAP

- Review treatments which were historically considered standard of care which are no longer supported by evidence.
- Recognize commonly propagated but weakly- or un-supported recommendations in outpatient pediatric care.
- Become familiar with the ABIM's Choosing Wisely resources regarding evidence-based care guidelines.

Pulmonary Care of the Medically Complex Child: The Role of the Pediatrician

Ron Morton, MD

- Define the medically complex child.
- Discuss the Pediatrician's role in the care of the medically complex child.
- Become familiar with different modalities of airway clearance for the management of the medically complex child.

And We're Off!

DERBY STYLE PANORAMA OF SCREENING TOOLS

Concerned about the increasing number of patients with Mental Health problems you are seeing in the office? Worried about the number of children you seeing with anxiety issues? Our August 18th Friday Session on Mental Health* can provide help with screening, treatment, and referral resources. The Friday session will begin with a special interactive, Lunch & Learn Quiz Game titled, "And We're Off! Derby Style Panorama of Screening Tools," presented by Dr. Purcell, Dr. Hynes and Kristen Martin.

Please join us on Friday for a very practical and educational session about Mental Health Problems in children and Adolescents.

**The Friday session devoted to mental health is championed by the KY K.I.N.D. program and part of the introductory "Propel" series.*

CME Credit:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Pediatrics (AAP) and the Kentucky Chapter of the AAP. The American Academy of Pediatrics is accredited by the ACCME to provide continuing medical education for physicians.

- The AAP designates this live activity for a maximum of 9.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- This activity is acceptable for a maximum of 9.0 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.
- PAs may claim a maximum of 9.0 Category 1 credits for completing this activity. NCCPA accepts *AMA PRA Category 1 Credit*[™] from organizations accredited by ACCME or a recognized state medical society.

MOC Statement:

Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn up to 7.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit.

Sawyer Hayes Community Center

ON THE GROUNDS OF E. P. TOM SAWYER STATE PARK

The Sawyer Hayes Community Center in Louisville, Kentucky offers a beautiful setting within E.P. "Tom" Sawyer State Park in Louisville Kentucky, this versatile venue boasts over 5,720 square feet of well-appointed event space. The space includes a charming wood pergola on its sprawling lawn. Inside, the community center's spacious Woodlands Room boasts wooden beams, an organic color palette, and floor-to ceiling windows that allow for great natural light and stunning views. With a modern yet rustic design and a warm and inviting ambience, the Sawyer Hayes Community Center offers beautiful and unique backdrop for your meeting event. Just 15 minutes from downtown Louisville!

Park Amenities/Activities

The Sawyer Hayes Community Center is nestled in an arboreous area of E.P. "Tom" Sawyer and integrates gorgeous views of the surrounding natural scenery. Louisville's only state park, E.P. "Tom" Sawyer, is a hub for recreational activities and a charming setting for any occasion. Located on Louisville's east end, the park features both indoor and outdoor basketball courts, an outdoor pool, picnic tables, pavilion (shelter) rentals, team-building, an archery range, pickleball, softball, geocaching, outdoor volleyball, an orienteering course, walking trails and tennis.
